Financial Performance

During the year under review, the Company has recorded a gross turnover of Rs. 3.3 Million (previous year Rs. 7.1 Millions). The Profit Before Interest, Depreciation and Tax for the year under review amounted to Rs. 2.1 Million (previous year Rs. 4.1 Millions) and the Net Profit After Tax amounted to Rs. 0.5 Million (previous year Rs. 2.2 Millions).

Outlook

The Scheme of Arrangement between the Company and its unsecured creditors under the provisions of Sections 391 to 394 of the Companies Act, 1956 was approved by the Hon'ble High Court, Bombay vide its Order dated 30th April 2007. The scheme became effective on 30th July 2007 on its filing with the Registrar of Companies, Maharashtra, Pune and the Company is implementing the same. With the increase in demand for the fire detection and protection systems and efforts of the Company towards consolidating its financial position and sorting out the liquidity crisis the outlook for the year ahead seems positive.

Risks and concerns

The downturn in business activities of the Company in last few years has resulted in the severe liquidity crisis and poor financial position. The Company has accumulated loss of around Rs. 77.9 Millions. Though as stated above the Company is consolidating its position and Scheme of Arrangement with unsecured creditors is a positive step towards the same.

Apart from the poor financial position, inflationary trend in the prices of raw material and transport cost, infrastructure constraints like inadequacy of roads, power, etc. and the quantum and manner of duty levied on Company's products are the major concerns of the Company.

Internal Control System & Their adequacy

The Company has in place adequate system of internal control procedures covering all financial and operating functions. The Company is constantly striving to make its internal control systems transparent as well as robust. Internal control and its effectiveness is reviewed through the process of internal audit. The Audit Committee of the Board of Directors also monitors the adequacy of

internal control systems through regular review of findings of internal audit and implementation of the recommendations thereof.

Human Resources

During the year under review the Company continued to have cordial and harmonious relations with its employees.
